## School Accountability Report Card

### Reported Using Data from the 2017-18 School Year

#### Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### **DataQuest**

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

PKB is a magnet school with a Leadership and Character Development theme using the Leader in Me process with staff, students and parents. We currently have 17 classrooms with a total of approximately 400 students. We have one principal, one administrative assistant, 17 certificated teachers, one full-time library media clerk, 3 paraprofessionals, one office manager and various support staff including a resource teacher, speech teacher and nurse. The school year consists of 180 instructional days with seven minimum days for parent conferencing, 10 early release days for teacher collaboration and 5 staff development days. The students are in school for 310 instructional minutes a day. Time is arranged during the day for intervention. The school has a Parent Teacher Club that supports extra curricular programs and activities for the school. The population at Beaver Elementary is diverse. As magnet school, we pull from across the district as well as other surrounding districts. Of the 394 students at Beaver Elementary, approximately 67.4% of the students receive free or reduced cost for breakfast and lunch and 29.9% are English Learners (EL.)

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)**

**Year and month in which data were collected: 2018/10**

The school district held a public hearing on September 27, 2018, and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home.

Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption.

The table displays information collected in August, 2018 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	40.0	58.0	38.0	42.0	48.0	50.0
Mathematics (grades 3-8 and 11)	28.0	37.0	21.0	25.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	199	192	96.48	58.33

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**CAASPP Test Results in Mathematics by Student Group  
Grades Three through Eight and Grade Eleven (School Year 2017-18)**

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

## State Priority: Other Pupil Outcomes

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

### Opportunities for Parental Involvement (School Year 2018-19)

Patricia Kay Beaver Elementary School staff is dedicated to providing the best possible education for all students. Parent involvement is a critical component to student success. Parents can be involved in many ways, including participation in School Site Council (SSC), the English Learner Advisory Committee (ELAC), and the Parent Teacher Club (PTC).

The PKB Student/Parent Handbook and the Ceres District Calendar were sent home with each student at the beginning of school or at the time of registration. This handbook has important information in it regarding school policies and procedures, information and calendars to provide parents with opportunities and information to be involved in school performances, assemblies and other educational classes/activities; ideas to inform parents how best to assist their children in learning at home; information regarding student award/recognition assemblies and student performances. PKB provides multiple opportunities for family engagement, including such things as annual family gatherings for Back To School Night and Family Movie Nights happen throughout the year. We also provide a parent workshop that emphasize our Leader in Me leadership theme. All staff can be readily contacted in person or by telephone, or email. School notices are sent home as reminders, and a monthly newsletter which contain up-to-date school events calendars. Our school provides translation for conferences and special school events.

### State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;

The Safe School Plan is review and modified each year as needed. The Safe School Committee recommends changes based on review of information. Any changes are submitted to the School Board for approval. Beaver Elementary utilizes the "Safe and Civil Schools" program by Randy Sprick as well as the "Leader in Me" philosophy to address procedural and behavioral problems that occur.

## Professional Development (Most Recent Three Years)

The 2016-2017 school year, the school site had 5 professional development days. In the 2017-2018 school year, the school site had planned 10 collaboration/early release days and 5 professional development days. The 2018-2019 school year will also have 10 collaboration/early release days and 5 professional development days.

Staff development is a critical component to teacher and student success, and Ceres Unified School District is dedicated to a variety of professional development opportunities for staff. Every Monday after school is dedicated to department and grade level meeting times, for teachers to collaborate, learn strategies, and develop action plans to meet identified student needs.

The district participates in the induction program for new teachers and other county and state approved formal training programs dedicated to improving teacher quality. In addition, the district fully supports classroom teachers with full time staff developer/coaches who can assist with the implementation of curriculum and strategies. School sites must include a professional development plan and budget in their school site plan. Activities can include attendance at summer institutes, after school or Saturday workshops, teacher release days to attend conferences, and grade level or department release days for in depth professional development. All professional development is aligned to the district strategic plan. The goal of all professional development is to increase student achievement.

In addition, PKB is a Leader in Me school and is supported by Leader in Me coaches and professional development staff to continue the Leader in Me process.

Training to support standards based instruction is provided to all K-8 teachers through administration and District Instructional Coaches. 76% of PKB teachers are certified through Ceres Certification of Direct Instruction (CCDI) and 95% have attended the training. The principal is also certified through CCDI. In addition, there are district professional development days provided annually and the average staff member attends approximately 4-6 additional release days for training and coaching. (Not including after school and summer training/institutes).
