CUSD CONDUCT CODE

The main purpose of the Ceres Unified School District Conduct Code Handbook is to set forth the standards of behavior established by law and policies of the Board of Education. It describes the various consequences for violations of these standards of behavior. Other helpful information has been included also.

We sincerely hope that all who use this Handbook do so realizing the equal importance of the student's responsibility for acceptable behavior and the protection of a student's rights to due process and fair and just treatment. The basis for these policies is the Education Code for the State of California.

We look forward to a good school year. We ask your cooperation to ensure that our students have a good school environment that promotes the educational process.

CERES UNIFIED SCHOOL DISTRICT BOARD OF EDUCATION

The Ceres Conduct Code is based on the Education Code (E.C.), the California Administration Code (C.A.C), the Penal Code (P.C.), the Vehicle Code (H. & S.C.), and the Civil Code (C.C.)

A WORD TO STUDENTS

If you or your child needs help, call your school. Every school has information on agencies and individuals available to help students and families. It is important that every child has the opportunity to achieve to his or her greatest potential. School is a place to belong, to make and keep friends, and to learn about yourself and others. School is a place where all persons should feel safe. For this to happen, our schools will not allow threats of any kind. This includes put-downs, racial slurs, and name calling. These are words used to pick on, make fun of, threaten, harass, insult, hurt or leave out another person because of their color, religion, race, disability, sexual orientation, national origin, or ancestry.

Being different is not wrong or funny. It is one of the good things about you. Always be careful of what you say. No one wants his or her feelings hurt. It is hard to take back mean, hurtful, or embarrassing words or actions. All students deserve to be respected. Saying that you are just kidding or playing around will not excuse you.

You must be responsible for your own actions. Following the crowd does not make something right. Not following takes courage. Be a leader. If you see others doing the wrong thing, speak up and speak out.

All school staff will take acts or rumors of violence, bias or harassment seriously. Appropriate disciplinary action will be taken. We are dedicated to promoting tolerance and respect in every aspect of school life.

RIGHT OF APPEAL AND DUE PROCESS

Suspension

1. Suspension by the principal/designee, or the superintendent shall be preceded by an informal conference which is conducted by the principal or his/her designee between the pupil, and, whenever practical, the teacher, supervisor, or school employee who referred the pupil to the principal. At the conference the pupil shall be informed of the reason for the disciplinary action and the evidence against him/her and shall be given the opportunity to present his/her defense. (E.C. 48911, Sub-section b)
2. A principal/designee, or the superintendent may suspend a pupil without affording the pupil an opportunity for a conference only if the principal or his/her designee determines that an “emergency situation” exists. If a pupil is suspended without a conference prior to a suspension, both the parent and the pupil shall be notified of the pupil’s right to such a conference, and the pupil’s right to return to school for such purpose. The conference shall be held within two (2) school days, unless the pupil waives this right or is physically unable to attend for any reason including, but not limited to, incarceration or hospitalization. The conference shall then be held as soon as the pupil is physically able to return to school for the conference. (E.C. 48911, Sub-section c).
3. At the time of suspension, a school employee shall make a reasonable effort to contact the parent or guardian of the pupil in person or by telephone. (E.C. 48911, Sub-section d)
4. Whenever a pupil is suspended from school, the parent or guardian shall be notified in writing of the suspension. The notice shall be, insofar as is practicable, in the primary language of the pupil’s parent or guardian. Included in this notice is a request that the parent or guardian attend a conference with school officials regarding the pupil’s behavior, including notice that state law requires parents or guardians to respond to such request without delay. (E.C. 48911, Sub-section d)
5. If suspension is ordered by a principal/designee, the pupil or pupil’s parent or guardian shall have the right to request a meeting with the superintendent’s designee. The meeting shall be held within three (3) school days of time such request is received by designee. (E.C. 48914, Sub-section a)
6. If a meeting is requested and held according to E.C. section 48914, Sub-section a, superintendent’s designee shall render a decision within two (2) school days. (E.C. 48914, Sub-section d)

Expulsion

1. In a case where expulsion is being processed by the governing board, the superintendent/designee may extend the suspension until such time as the governing board has rendered a decision, provided that the superintendent/designee has determined that the presence of the pupil at the school or in an alternative school placement would cause a danger to persons or property or a threat of disrupting the instructional process. (E.C. 48911, Sub-section g)
2. The pupil and the pupil’s parent or guardian shall be entitled to a hearing to determine whether the pupil should be expelled. An expulsion hearing shall be held within thirty (30) school days of the date the principal or superintendent determines that the pupil committed any of the acts enumerated in Section 48900 unless the pupil requests in writing that the hearing be postponed. The pupil shall be entitled to at least one postponement for a period of not more than thirty (30) calendar days of an expulsion hearing. In the event that compliance by the governing board with the above time requirements is impracticable, the expulsion hearing may be delayed, for good cause, up to five (5) additional days. Reasons for the extension shall be part of the record at the time of the hearing. (E.C. 48918, Sub-section a)
3. Written notice of the hearing shall be forwarded to the pupil at least ten (10) calendar days prior to the date of the hearing. (E.C. 48918, Sub-section b)
4. The Governing Board shall conduct a hearing to consider the expulsion of a pupil in a session closed to the public unless the pupil or the pupil’s parent or guardian request, in writing at least five (5) days prior to the date of the hearing, that the hearing be a public meeting. (E.C. 48918, Sub-section, c,d)
5. Within three (3) school days following the hearing the administrative panel shall determine whether to recommend expulsion of the pupil to the governing board. (E.C. 48918, Sub-section e)
6. The expulsion order and the causes therefore shall be recorded in the pupil’s mandatory interim record and shall be forwarded to any school in which the pupil subsequently enrolls upon request from the admitting school for the pupil’s school records. (E.C.48918, Sub-section j)
7. A decision of the governing board whether to expel a pupil shall be made within ten (10) school days following the conclusion of the hearing, unless the pupil requests in writing that the decision is postponed. If the hearing is held by an administrative panel or if the district governing board does not meet on a weekly basis, the governing board shall make its decision about a pupil’s expulsion within 40 school days after the date of the pupil’s removal from his/her school of attendance for the incident for which the recommendation for expulsion is made by the principal or the superintendent, unless the pupil requests in writing that the decision be postponed.
8. Written notice of any decision of the governing board to expel or to suspend the enforcement of the expulsion order during a period of probation shall be sent by mail, using “proof of service” method to the student or parent or guardian. The notice shall include notification of the right to appeal the expulsion to the county board of education (E.C. 48918, Sub-section i)

SEXUAL HARASSMENT POLICY RELATED TO STUDENTS FROM BOARD POLICY #5131.2(A) AND 5145.7

Bullying and Sexual harassment of students can be a serious problem in schools. It can threaten a student's emotional well-being, impair academic progress, and ultimately inhibit the attainment of career goals.

Bullying and Sexual harassment is more than inappropriate behavior. It is illegal under both federal and state laws and constitutes a violation of Title IX of the 1972 Education amendments. School districts are legally responsible for preventing sexual harassment.

Prevention is the best tool for eliminating bullying and sexual harassment. Creating awareness and sensitivity to potentially negative effects on students and on the school as a whole is the first step toward preventing bullying and sexual harassment. Awareness decreases the probability of bullying and sexual harassment and aids in early identification so that problems can be addressed informally.

However, bullying and sexual harassment will not be tolerated in the Ceres Unified School District. It is the intent of Ceres Unified School District to maintain an academic environment which protects individual dignity and promotes the mutual respect of students. Students must understand what bullying and sexual harassment is and know the consequences of harassing other students. Instruction regarding bullying and sexual harassment will focus on respect for self and others. (I.e. how to treat other people and how you want to be treated by others)

Bullying and sexual harassment is technically defined as what an average person would view as offensive in any of the following circumstances:

- Any unwanted or unwelcome sexual advances
- A request for a sexual favor
- A verbal, physical or visual conduct which is sexually oriented or offensive
- Unwelcome sexual slurs, threats, derogatory comments or degrading descriptions
- Sexual jokes, stories, drawings, objects, pictures, rumors or gestures
- Touching a person's body or clothes in a sexual way

Students or staff are to immediately report incidents of bullying sexual harassment to the principal or other school officials.

Any parent who believes their son or daughter is being bullied or sexually harassed are advised to contact the principal or other officials at the school.

Complaints regarding bullying and sexual harassment can also be filed at the district office. If you have questions or concerns regarding this matter, please contact the Child Welfare and Attendance Director, Jose Beltran at 556-1540.

INTERNET ACCESS RULES

Students are responsible for good behavior on school computer networks and devices used to access the Internet just as they are in a classroom or a school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply.

The school network is provided for students to conduct research, complete assignments, and communicate with others. Individual users of the district computer networks are responsible for their behavior and communications over those networks.

District managed Internet and network storage areas may be treated like school lockers. Network administrators may review files and communications to maintain system integrity and insure that users are using the system responsibly. Users should not expect that files stored on District managed storage will be always be private.

During school, teachers will guide students toward appropriate materials. Outside of school, families bear responsibility for such guidance as they must also exercise with information sources such as television, telephones, movies, radio and other potentially offensive media.

The following are not permitted:

- Sending or displaying offensive messages or pictures
- Using obscene language
- Giving personal information when using the system, such as complete name, address, phone number and identifiable photo without permission from teacher and parent or guardian.
- Harassing, insulting or attacking others
- Deliberately damaging computers, computer systems or computer networks
- Violating copyright laws
- Using others' passwords
- Trespassing in others' folders, work or files
- Employing the network for commercial purposes, financial gain, or fraud.

SANCTIONS

- Violations may result in a loss of access.
- Additional disciplinary action may be determined at the building level in line with existing practice regarding inappropriate language or behavior,

including expulsion.

- When applicable, law enforcement agencies may be involved.

STUDENT TECHNOLOGY USE AGREEMENT GRADES K-12 2018-19

The Ceres Unified School District (“District” or “CUSD”) is pleased to offer students access to District computers, communication systems, the Internet, and an array of technology resources to promote educational excellence and innovation (collectively, “Technology”). Please read this policy below carefully to be instructed in proper behavior and use of Technology at CUSD.

Access to District technology resources is limited and is subject to District Board Policies and Administrative Regulations as amended from time to time and subject to all applicable local, state and federal laws, as amended, including but not limited to Children’s Online Privacy Protection Act (COPPA), Family Educational Rights and Privacy Act (FERPA), and Child Internet Protection Act (CIPA).

The Internet does include some material that is not appropriate for students. Efforts are taken to protect students from inappropriate materials, but it is impossible to completely protect students from material that is not consistent with CUSD goals. Students should have no expectation of privacy regarding their use of District property, network, files and/or Internet access, including email.

Students will use Technology within an educational activity, such as performing research, developing projects, and disseminating information. The use of Technology is a privilege, not a right. This privilege may be withdrawn if it is not used responsibly. Students will agree to the following:

1. **Personal Responsibility.** Students will accept personal responsibility for reporting any misuse of Technology to a teacher or administrator. Misuse may come in many forms, but it is commonly viewed as any transmission(s) sent or received that indicate or suggest inappropriate content, unethical or illegal solicitation, racism, sexism and inappropriate language and other issues described below.
2. **Acceptable Use.** The use of Technology must be in support of education and research and must be consistent with the educational goals and objectives of CUSD. Each student is personally responsible for his or her Technology use.
 - 2.1 **Limited personal use** – Students may use Technology for limited personal projects as permitted by a teacher, but may not use CUSD Technology for:
 - 2.1.1 Unlawful activities
 - 2.1.2 Commercial purposes (running a business or trying to make money)
 - 2.1.3 Personal financial gain (running a web site to sell things)
 - 2.1.4 Inappropriate sexual or other offensive content
 - 2.1.5 Threatening another person (Seth’s Law)
 - 2.1.6 Misrepresentation of California public schools, staff or students. Apps, sites, email, and groups are not public forums; they are extensions of classroom spaces where student free speech rights may be limited.
3. **Safety.** Students agree not to meet in person, with someone they have met online without their parent’s approval and participation. Students should never share personal information, including phone number, address, social security number, birthday, or financial information, over the internet without adult permission.
4. **Security.** Security on any computer system is a high priority. A student shall immediately notify a teacher or administrator of any security problem. Never demonstrate the problem to other users. Students are responsible for the use of their individual accounts and should take all reasonable precautions to prevent others from being able to use their account. Students should not attempt to open files or follow links from unknown or untrusted origin and should only communicate with other people as allowed by district policy or a teacher.
5. **Internet Applications.** Websites as well as Internet applications, often referred to as “apps,” collect different amounts of information. When a user agrees to the terms of service of a website or app, they are entering into an agreement with that company as a representative of the district. To protect staff and student information, students may not use Technology to download any apps nor create accounts with any application that connects to the Internet without District approval.
6. **Vandalism.** Students are prohibited from committing any act of Vandalism using CUSD Technology. Vandalism is defined as any malicious attempt to harm or destroy data of another user, or that of agencies or networks that are connected to the system. This includes, but is not limited to, the uploading or creation of computer viruses, disrupting or limiting access to network resources, or using the network to make unauthorized entry to any other machine accessible via the network. Any violation may result in the loss of a student’s network privileges, disciplinary action, and/or legal referral.
 7. **Enforcement.** Access to CUSD Technology is considered a privilege provided at the discretion of the District. The District maintains the right to immediately withdraw the access and use of any of the Technology when there is reason to believe that violations of law or District policies have occurred. In such cases, the alleged violation will be referred to the Principal or designee for further investigation, suspension, or termination of use of Technology. If a student violates any rules regarding the use of Technology, he/she may be subject to any one or all of the following consequences:
 - 7.1 Suspension from class
 - 7.2 Suspension from school
 - 7.3 Loss of computer privileges
 - 7.4 Recommendation for expulsion

8. **Student art work/writing/photo/video.** Student work may be considered for publication. This may include publication on the Internet as part of the District's web page or other media during this school year. No student's full name, home address, telephone number, or email will be published on District web pages. Group student photos can be published showing students working on projects and other activities or at school events, but students will not be identified by name. (cf. 5125.1 - Release of Directory Information)
9. **Student devices.** Students shall be provided technology devices for education use (each a "Device" or collectively, "Devices"). By signing below, each student shall acknowledge that this Device and all of its component parts are the property of the Ceres Unified School District. Each student will take particular care of the Device provided to him or her while it is in the student's possession, contacting the school of residence for any warranty, damage, or theft. The Devices are only loaned to students currently enrolled in the District. *The Devices are for educational use **only** by the CUSD student to whom the unit is issued,* and must be immediately returned to the school of residence upon disenrollment from the school, or at the request of the school. Devices may not be transferred from one student or sibling to the other. No alterations may be made to the Devices or the operating system for any reason; i.e., student may not delete any programs and/or software currently installed or make any cosmetic changes. Acceptable use of the Device must follow the regulations listed in the student Technology Use Policy. The Device shall have an approximate value as listed in the Device Technical Description on the signature page. **Any damaged, lost, or stolen Devices or components of Devices must be paid for by the family, up to the approximate value.** An optional subsidized insurance plan is available at a low cost.
