

Ceres Unified School District

SCOTT SIEGEL, Ed.D.
District Superintendent

WELCOME VOLUNTEERS!

Ceres Unified School District encourages parents, guardians, and members of the community to share their time, knowledge, and abilities to support our students and our schools. We believe school volunteers enrich educational programs and strengthen our schools' relationships with families, businesses, public agencies, and private institutions.

Those already approved as Supervised Volunteers do not need to fill out another application for the 2019-2020 school year unless informed otherwise. Unsupervised Volunteers will need to fill out new applications every year.

- One application per site (that you intend to volunteer at).
- Apply for Supervised or Unsupervised Volunteer status by submitting a one-page application form available in the schools main office. A valid picture I.D. is required.
 - **“Supervised”** school volunteers can have occasional or regular contact with students in or outside of the classroom. Supervised Volunteers perform their volunteer work under the supervision of an approved school employee, including one-day field trip chaperones.
 - **“Unsupervised”** school volunteers have direct and on-going contact with students. These volunteers perform most of their volunteer work under the supervision of an approved school employee. Unsupervised Volunteers are approved to have extended unsupervised direct contact with students. Examples of Unsupervised Volunteers include one-on-one tutors, volunteer athletic or band helpers, and overnight fieldtrip chaperones.
- Once the application has been submitted to the school's main office, the following must be met:
 - Cleared through the Megan's Law website
 - Have a valid TB clearance on file with Ceres Unified School District (Education Code 49406)
 - *You may submit a TB clearance through your doctor/physician*
 - *TB clinics that are “free of charge” will be offered at the CUSD Office, located at 2503 Lawrence Street, Ceres, CA 95307 on designated dates.*
 - Unsupervised volunteers will require a Department of Justice and FBI fingerprint clearance.
 - *The District Office will be contacting you upon submission and site approval of the Volunteer Assistance Program application to finalize this procedure.*

We appreciate and thank you for the valuable service you provide our students! For further information, please visit your school's main office.

NOTE: CUSD students are exempt.

“Committed to Excellence, Responsive to Every Student”
